

Route 390

Route 390 provides weekday peak directional service to Pittsburg/Bay Point BART Station in the morning and from Pittsburg/Bay Point BART Station in the afternoon. Route 390 connects the Pittsburg/Bay Point BART Station to the Antioch BART Station via Leland Ln and Buchanan Rd.

Almost all of Route 390's alignment duplicates Tri MyRide and other routes. Ridership is low. As a result of low utilization and other available options, **Route 390 should be deleted**. The new Route 370 would replace service on Leland Ln between Pittsburg/Bay Point BART station and Loveridge Rd, while an expanded Antioch/Oakley Tri MyRide zone would cover areas east of Somersville Rd.

Route 390 Service Recommendations

Hours of Service			
	Weekday	Saturday	Sunday
Existing	4:39am-8:01am 4:22pm-8:39pm	-	-
Route 370	4:15am-12:00am	6:15am-10:00pm	6:15am-10:00pm

Route 390 Frequency Recommendations

Frequency (minutes)				
	Day	Peak (6-9am, 3-6pm)	Midday (9am-3pm)	Evening (6pm-12am)
Existing	Weekday	~35 in a.m. ~30 in p.m.	-	-
	Saturday	-	-	-
	Sunday	-	-	-
Recommended (Route 370)	Weekday	30 before noon, 15 after noon		60
	Saturday	60 before noon, 30 after noon		60
	Sunday	60 before noon, 30 after noon		60
