

## Route 385

Route 385 connects Antioch BART with the Brentwood Park-and-Ride and John Muir Medical Center. The route south of Lonetree Way is circuitous, and ridership is correspondingly low.

#### Route 385 should be restructured to better meet service demand:

- Service between Antioch BART and Hillcrest Ave / Lonetree Way would be served by a new Route 376.
- New Route 375 would provide service on Lonetree Way between W. 18<sup>th</sup> St and Empire Ave, with more frequent weekday 30-minute service.
- East of Empire Ave, a new Brentwood Tri MyRide zone would cover all current Route 385 stops.
- Heritage High School would be served by a school bell time-only extension of Route 373
