

Route 362

Route 383 will be rebranded Route 362. It currently connects the Tri Delta Transit office with Antioch BART, Oakley, and Brentwood. It is one of the lowest ridership routes operated by Tri Delta Transit.

Due to low ridership and duplication of service with the current Route 391, **Route 362's schedule should be adjusted** to only operate when to serve Freedom High School's bell times. There should be one morning and one afternoon trip. The alignment has been adjusted to serve more residential areas adjacent to Main St in Oakley, providing additional school connections.
