

New Route 371

Route 371 is a new route that would connect Pittsburg/Bay Point BART, Pittsburg Center BART, LMC, downtown Antioch, and Antioch BART. Route 371 would be **more direct than current routes, offering a faster, more reliable service** to customers. It would also have consistent 30-minute service on weekdays, which is more frequent than current service.

Route 371 would replace portions of multiple existing routes, including Route 380 between Pittsburg/Bay Point BART and LMC and Route 388 between LMC and Antioch BART.

Route 371 Service Recommendations

Hours of Service			
	Weekday	Saturday	Sunday
